4) Posting for Fulltime Contract Special Constable position

Pending budget approvals, we will be hiring a Fulltime contract Special Constable at the end of March 2023. **Other**

1) Contingency Fund – Clothing Purchase

Jogging suit sets have been purchased through the contingency fund that may be provided to persons in custody, or those in need. This may help to preserve the integrity of the person in custody, and provide them with assistance during difficult times. The suits will be replaced as used and tracked for reporting to the Contingency Fund committee. This generosity has been made possible through the local Rotary Clubs and churches in Saugeen Shores.

2) Christmas Weekend Inclement Weather

Due to the severe blizzards / storms forecasted for the Christmas weekend and the fact that a number of our officers reside outside of Saugeen Shores, I proactively reserved rooms at the Holiday Inn Port Elgin to allow our members to remain in Saugeen Shores while working the weekend. This allowed us to maintain our staffing levels, but more importantly to ensure that our members were safe during the extreme weather event. The room was used for 7 bookings.

3) Budget

The draft budget was accepted and approved in draft format during the October 2022 Police Services Board meeting. I am working with the Town to finalize the budget for presentation to council in early 2023.

4) Station Video System

The station vide system which was installed new when the station was built, is experiencing hard-drive failure, and requires attention. Our Town IT has been working to find the best solution that will provide us with a reliable video system while still being affordable and eliminating the very expensive proprietary software licensing agreements. Funds are available in the Reserve to cover the cost.

5) Reserve Funds

On February 20<sup>th</sup> 2019, the Police Services Board passed a motion stating “That the cap for the Police Services Fund be set at \$250,000.00 and further the percentage to be transferred to a Reserve Account would be set a 100% until the time the cap is met and zero percent as along as the cap in maintained”

This motion was in response to setting up a reserve account which would allow any surplus operating budget to be placed into a reserve account to fund future unknown major events or budget overages.

Although the motion was approved at the Police Services Board level, due to COVID and other unforeseen circumstances, this was never put on the agenda for a council meeting, and the reserve account parameters were never set up.

Our new Police Services Board should open this up for discussion and continue with approving a reserve fund to protect against potential overages or major investigations that may require funds in excess of the current years' operating budget

**Motion 5 – Diane Huber/John Woodley**

That the Saugeen Shores Police Board establish a General Operating Reserve Fund.

And further, that the cap for the Police Services Budget Reserve Fund be set at \$250,000.

And further, that the percentage be transferred to a Reserve Account, which would be set at 100% until the time the cap is met and zero percentage as long as the cap is maintained.

And the Reserve Fund would be created from the Saugeen Shores Police Services Operating Budget.
